

**SBES COLLEGE OF ARTS AND COMMERCE, AURANGABAD
DEPARTMENT OF SOCIOLOGY**

2013-14 to 2018-2019

PROFILE

A) Introduction (should be written in one page covering following a, b, c, d and e points)

a) Scope of the Subject

August Comte is considered as the founding fathers of Sociology, one of the basic disciplines whose academic contribution and research pursuit has enriched social sciences and understanding of human context and its interplay. Sociology is an exciting and illuminating field, which involves the scientific study of human social behavior and its origin, development, organization and institution.

This will help us to comprehend the human behavior with its cause and consequence. Sociology as a subject requires the student's patient and keen observation to understand the behavior of human beings through their social interactions, and understand how societies organize, develop and change. Education in Sociology can explore many avenues for you hospitals, private clinics, private practice, social service, criminal justice, law, media, etc. Sociology's subject matter is diverse, and thus there are different areas where one can specialize in with the advent of studies and career. There are experts who study behavior of children, deal with problems of adolescents, decode criminal behavior and action, assist students to broaden their horizon and become able enough to conduct an effective communication, analyze and solve their problems and so much more. One can choose from the many options present and think of making their career in the world of Sociology. Sociology as a discipline study Society, Kinship, Social Problems, Social issues, Caste, Class, Gender, Social Movements, etc

b) Significance of the Subject

Sociology is the only subject which study human social relationships and institutions scientifically. Even though the scientific study of society and scientific promotion of human welfare have been neglected for long periods, the present scenario realized the practical aspect of sociology and its importance in the study of social problems, social work and in social adjustment. To achieve this scientific study of society the formulation of social policies which require certain amount of knowledge about that society is required. The descriptive sociology provides a great deal of information which is helpful in making decisions on social policy.

c) Objectives of the Subject

- i) Describe how sociology is similar to and different from other social sciences.
- ii) Explain the major methods and concepts it used in the systematic study of society.
- iii) Describe various social structures in societies and methods and degrees of social stratification.

- iv) Explain processes of socialization, and how socialization operates in different societies and cultures.
- v) Explain the role of gender in society.
- vi) Describe how the tools of analysis and methods of sociology are applicable to work and involvement in their community.
- vii) Observing the society with scientific temperament and to study the social issues.

d) Introduction of the Department

Department of Sociology is one of the oldest Departments in the college. The Department of in the college started functioning in 1963. Sociology is being taught at the undergraduate level. Gender Studies, Sociology of Education, Social Movements these are the focused research areas by the department. Dr. Snehalata Mankar, associate professor, heading the department. She is engaging in research on the Social Movement in Maharashtra. Mr. Sandip Chaudhari, associate professor, equally contributing in the overall development of the students and working on various research projects sponsored by UGC and Dr. B.A.M.U, Aurangabad.

‘Learning through experience’ is the basic principle of the Department. Hence the department has been organized various innovative programmes. The department is engaged in student centric and research oriented activities. The field based student projects as a mandatory component of the course syllabus. Networks established with voluntary groups for the exposure to the students. The Department is making efforts to inculcate socio-cultural values among the students. And are improving the social and research skills of them. The department also focuses and emphasizes on the societal understanding and analytical skills of students.

e) Objectives of the Department

- To develop students attitude and aptitude in Sociology
- To develop social sensitivity, social responsibility and promote social harmony.
- To make sociology for knowledge and knowledge for employment both.
- To help in personality development of the students
