Evaluation of attainment of PO, PSO and CO (2017-18)

Evaluation of attainment outcome is vital for teaching-learning process of education institution. The program outcome (PO), program specific outcome (PSO) and course outcome (CO) determine the efficacy of education. The outcomes are evaluated by many non-formal methods that form the formative judgment of the individual teacher whereas the formal structured mechanism is also evolved by our college for its evaluation. It is the summative analysis that we undertake vide result analysis annually. The result analysis is the premise on which the exercise of evaluation of attainment outcomes is undertaken.

As our college being an affiliated institution, the conduct and evaluation of examinations is undertaken by the affiliating university through the assessment of the examination performance of our students. The result data is then collected from the university and further tabulated and analyzed by the college. In the case of programs offered under the faculty of commerce and management performance of each paper is considered for course outcome, academic year for program specific outcome and performance of cumulative three years is for program outcome. In the case of programs offered under the faculty of humanities performance of each paper is considered for course outcome, performance of discipline for program specific outcome and performance of cumulative three years is for program outcome.

The outcome attainment is evaluated in a scale of four point described in the indicators below

Indicator	Scale
Outstanding	60 % and Above
Good	50% - 59%
Average	40% - 49%
Poor	Below 40 %

### BA

On the analysis of the data of BA program it has come to our observation that around 64% of students have performed very well in their examinations. The PSO & CSO for the same are explain in table mention below:

Particulars	OS	Good	Average	Poor
BA (PO)	25%	39%	20%	16%
Discipline (PSO)	OS	Good	Average	Poor
DRA	28%	35%	17%	20%
ECO	15%	29%	30%	26%
ENG	30%	32%	23%	15%
HIN	16%	44%	23%	18%
HIS	15%	52%	14%	19%
MAR	37%	36%	21%	6%
MUS	45%	35%	0%	20%

### 2018-19

### SBES College of Arts and Commerce

### Makarand Arvind Paithankar

In charge Principal and Professor www.sbaccollege.in

Evaluation of attainment of PO, PSO and CO (2018-19)

Evaluation of attainment outcome is vital for teaching-learning process of education institution. The program outcome (PO), program specific outcome (PSO) and course outcome (CO) determine the efficacy of education. The outcomes are evaluated by many non-formal methods that form the formative judgment of the individual teacher whereas the formal structured mechanism is also evolved by our college for its evaluation. It is the summative analysis that we undertake vide result analysis annually. The result analysis is the premise on which the exercise of evaluation of attainment outcomes is undertaken.

As our college being an affiliated institution, the conduct and evaluation of examinations is undertaken by the affiliating university through the assessment of the examination performance of our students. The result data is then collected from the university and further tabulated and analyzed by the college. In the case of programs offered under the faculty of commerce and management performance of each paper is considered for course outcome, academic year for program specific outcome and performance of cumulative three years is for program outcome. In the case of programs offered under the faculty of humanities performance of each paper is considered for course outcome, performance of discipline for program specific outcome and performance of cumulative three years is for program outcome.

The outcome attainment is evaluated in a scale of four point described in the indicators below

Indicator	Scale
Outstanding	60 % and Above
Good	50% - 59%
Average	40% - 49%
Poor	Below 40%

### BA

On the analysis of the data of BA program it has come to our observation that around 66% of students have performed very well in their examinations. The PSO & CSO for the same are explain in table mention below:

Particulars	OS	Good	Average	Poor
BA (PO)	30%	36%	19%	14%
Discipline (PSO)	OS	Good	Average	Poor
DRA	26%	31%	30%	12%
ECO	16%	35%	26%	23%
ENG	32%	40%	17%	11%

# 2019-20

### SBES College of Arts and Commerce

### Makarand Arvind Paithankar

In charge Principal and Professor www.sbaccollege.in

Evaluation of attainment of PO, PSO and CO (2019-20)

Evaluation of attainment outcome is vital for teaching-learning process of education institution. The program outcome (PO), program specific outcome (PSO) and course outcome (CO) determines the efficacy of education. The outcomes are evaluated by many non-formal methods that form the formative judgment of the individual teacher whereas the formal structured mechanism is also evolved by our college for its evaluation. It is the summative analysis that we undertake vide result analysis annually. The result analysis is the premise on which the exercise of evaluation of attainment outcomes is undertaken.

Our college being an affiliated institution the conduct and evaluation of examination is undertaken by the affiliating university through the assessment of the examination performance of our students. The result data is than collected from the university further tabulated and analyzed by the college. In case of programs offered under the faculty of commerce and management performance of each paper is considered for course outcome, academic year for program specific outcome and performance of cumulative three years is for program outcome. In case of programs offered under the faculty of humanities performance of each paper is considered for course outcome, performance of discipline for program specific outcome and performance of cumulative three years is for program outcome.

The outcome attainment are evaluated in a scale of four point described in the indicators below

Indicator	Scale
Outstanding	60 % and Above
Good	50% - 59%
Average	40% - 49%
Poor	Below 40%

### BA

On the analysis of the data of BA program it has come to our observation that around 72% of students have performed very well in their examinations. The PSO & CSO for the same are explain in table mention below:

Evaluation of attainment of PO, PSO and CO

Evaluation of attainment outcome is vital for teaching-learning process of education institution. The program outcome (PO), program specific outcome (PSO) and course outcome (CO) determines the efficacy of education. The outcomes are evaluated by many non-formal methods that form the formative judgment of the individual teacher whereas the formal structured mechanism is also evolved by our college for its evaluation. It is the summative analysis that we undertake vide result analysis annually. The result analysis is the premise on which the exercise of evaluation of attainment outcomes is undertaken.

Our college being an affiliated institution the conduct and evaluation of examination is undertaken by the affiliating university through the assessment of the examination performance of our students. The result data is than collected from the university further tabulated and analyzed by the college. In case of programs offered under the faculty of commerce and management performance of each paper is considered for course outcome, academic year for program specific outcome and performance of cumulative three years is for program outcome. In case of programs offered under the faculty of humanities performance of each paper is considered for course outcome, performance of discipline for program specific outcome and performance of cumulative three years is for program outcome.

The outcome attainment are evaluated in a scale of four point described in the indicators below

Indicator	Scale
Outstanding	60 % and above
Good	50% - 59%
Average	40% - 49%
Poor	Below 40 %

### BA

On the analysis of the data of BA program it has come to our observation that around 79% students have perform very well in their examinations. The PSO & CSO for the same are explain in table mention below:

Particulars	OS	Good	Average	Poor	
BA (PO)	61%	18%	10%	12%	
Discipline (PSO)	os	Good	Average	Poor

# 2021-22

### Makarand Arvind Paithankar

In charge Principal and Professor www.sbaccollege.in

Evaluation of attainment of PO, PSO and CO (2021-22)

Evaluation of attainment outcome is vital for teaching-learning process of education institution. The program outcome (PO), program specific outcome (PSO) and course outcome (CO) determines the efficacy of education. The outcomes are evaluated by many non-formal methods that form the formative judgment of the individual teacher whereas the formal structured mechanism is also evolved by our college for its evaluation. It is the summative analysis that we undertake vide result analysis annually. The result analysis is the premise on which the exercise of evaluation of attainment outcomes is undertaken.

Our college being an affiliated institution the conduct and evaluation of examination is undertaken by the affiliating university through the assessment of the examination performance of our students. The result data is than collected from the university further tabulated and analyzed by the college. In case of programs offered under the faculty of commerce and management performance of each paper is considered for course outcome, academic year for program specific outcome and performance of cumulative three years is for program outcome. In case of programs offered under the faculty of humanities performance of each paper is considered for course outcome, performance of discipline for program specific outcome and performance of cumulative three years is for program outcome.

The outcome attainment are evaluated in a scale of four point described in the indicators below

Indicator	Scale	44
Outstanding	60 % and above	
Good	50% - 59%	
Average	40% - 49%	
Poor	Below 40 %	

### BA

On the analysis of the data of BA program it has come to our observation that around 73% of students have performed very well in their examinations. The PSO & CSO for the same are explain in table mention below:

Particulars	os		Good		Average	Poor	100
BA (PO)		51%		22%	13%	14%	<b>6</b>
DISCIPLINE (PSO)	os		Good		Average	Poor	
MAR		46%		24%	17%	14%	6
DRA		48%		30%	9%	13%	6
ECO		47%		20%	13%	20%	6
ENG		45%		21%	14%	20%	6
HIN		45%		21%	13%	21%	6
HIS		49%		21%	15%	15%	6
MUS		67%		14%	6%	13%	6

## **MCOM**

The efforts taken by college and students can be seen in the data presented below, which shows that around 87% of students have performed extremely well in the examination. The PSO & CSO for the same are explained in the table mentioned below:

Particulars	OS	Good	Average	Poor
MCOM (PO)	62%	25%	6%	6%
Year	OS	Good	Average	Poor
MCOM FY (PSO)	61%	25%	7%	6%
MCOM SY (PSO)	62%	26%	6%	6%
Course (CO)	OS	Good	Average	Poor
COM401	83%	10%	4%	3%
